01/2023 - 06/2023

DePaul University

Bachelor of Fine Arts Film and Television with VFX Concentration

09/2017 - 03/2021

SKILLS

React

HTML/CSS

Node.js

JavaScript

MongoDB

Express with EJS

Git

PERSONAL PROJECTS

Rendered Realms 

- Created a dynamic full stack web application that allows users to share 3D stills and contribute knowledge to a community of artists. Utilized HTML and CSS for front end and Node and Express with EJS for the application's backend.

CodeSquad Comics 

- Developed front end with HTML and CSS for this site that allows users to store comic book information. Utilized Node and Express with EJS to allow users to interact with the site by adding and deleting comic books. This site is fully responsive and built according to a designer's specifications
