

Shannon Donnelly

OBJECTIVE

Highly motivated and detail-oriented junior front-end developer with a strong foundation in HTML, CSS, and JavaScript. Eager to contribute and collaborate with a team in building user-friendly and visually appealing web applications. Always seeking opportunity to learn and grow while applying creativity and problem-solving abilities to deliver high-quality solutions.

PROJECTS

CAMBERVILLE COMMUNITY FRIDGES

<https://github.com/Shancakes/Community-Fridge-Project>

- Helpful resource forum page for the Cambridge and Somerville community to locate and maintain local community fridges. Lists map locations, uses a username/password with login, and stores forum post data.
- Git | HTML | CSS | Javascript | Node.js | MongoDB | Express | EJS

EXPERIENCE

MADISON FLORAL Charlestown MA — *Lead Floral Designer*

2019-2021

- Successfully running events and leading daily logistics in less than six months of learning the industry.
- Took initiative to educate myself on social media marketing and sales scouting for clients to boost local business.
- Skilled in all aspects of large scale wedding and event design, working within clients specifications through pricing, ordering, processing, design, construction and delivery.

TWYRL PASTA BISTRO Arlington, MA — *Head Chef*

2017-2019

- Created attractive signage to display menus and specials to customers.
- Creatively adapted to a lead position in a few months despite major language barriers, and trained all new staff.
- Created and served delicious meals from scratch in a fast-paced bistro.
